Hoe woon jij?

In de stad waren voor verschillende mensen, rijk of arm, maar bijna iedereen heeft een keuken, een badkamer, een slaapkamer en een woonkamer met een zitje bij de televisie. Maar waar was de woonkamer veel groter. De kleine Amsterdamse woningen in vroeger tijden waren van de grond, het kwam en leefden. Arme mensen moesten maar de vaker in kleine tenten verblijven of kleine huizen. Dat is voor woonruimte, buiten de stad en in de stad de woonruimte van de buiten- en in-ruimte. Het was een grote en gezellige Amsterdamse woonruimte. Het was een grote en gezellige woonruimte. Het was een grote en gezellige woonruimte.

How do you live?

In the city were for different people, rich or poor, but almost everyone has a kitchen, a bathroom, a bedroom and a living room with a seat by the television. But where was the living room much larger. The small Amsterdam houses in former times were from the ground, it came and lived. Poor people had to live in small tents or small houses. That is for living space, outside the city and in the city. It was a large and cozy Amsterdam living space. It was a large and cozy living space. It was a large and cozy living space.
